

OMEGA NEBULA

Tech Spec

Input list -

1. TRACK L	XLR Line Out*
2. TRACK R	XLR Line Out*
3. DEAN GUITAR	XLR Line Out*
4. DEAN VOCAL (BV's)	XLR Line Out*
5. ADJ VOCAL (Lead Vx)	XLR Line Out*

*All fed from interface balanced line out on XLRS

If running the FOH rig in mono, please use both L/R in dual mono.

Monitors -

We run our own IEM's which are fed from the laptop.

If we could also get a couple of floor wedges, and a sub on stage if possible, that would be great. This is mainly to supplement our IEM mix so we can feel the track.

Monitor mix for floor wedges -

Mainly track with a little Guitar & Vocals.

4x Floor wedges - (Across stage front)

UK Mains power outlet - (Situated at front of stage)

2x Mic stand w/boom arm

Thank you. Big ups! :-)
